

# Accommodation Options

## Letting agencies

Letting agencies act on behalf of landlords to arrange the letting of private accommodation. Some agencies will only be finding tenants and doing initial paperwork; some will also manage the property on behalf of the landlord throughout the tenancy.

**Agencies may charge you a 'holding deposit' (no more than one week's rent) to reserve a property for you. Only pay this if you are certain you want to rent the property; if you change your mind you probably won't receive it back. You should not be paying anything before this point.**

By law, all agents must be members of a [redress scheme](#) that will offer a free, independent service for resolving disputes between letting agents and their customers. Many agents are also members of/affiliated with a professional trade organisation, which require members to comply with a code of practice and which offer a complaints and disciplinary procedure.

If you have a complaint about an agency, then you should exhaust their complaints procedure and if the matter is still not resolved then consider contacting the redress scheme or the trade organisation. In the first instance though we would encourage you to contact us.

## Halls

UWE have halls on both the Frenchay and Glenside campus; you will sign a license agreement and UWE will be your landlord. There are different rooms available depending on your budget. Check out the [UWE Accommodation website](#) for more information. There are also private halls in the city centre; some of the private hall companies are listed within this document.

## Short term options

If you find you want a bit more time to find somewhere permanent and need somewhere for a night or two, then there are lots of hotels, hostels and B&Bs in Bristol.

The inclusion of any accommodation provider on this list should not be regarded as a recommendation. It is your responsibility to understand each accommodation provider's terms and conditions before you pay any money or sign any documents. The Students' Union Advice Centre can check your contract before you sign it and are available to answer your housing query.

For answers to common questions or concerns about accommodation, the Advice Centre webpage has a FAQ section that may help.

BEDMINSTER/SOUTHVILLE	8	6	0.5

## STOKE PARK & FRENCHAY

Both of these areas are close to the Frenchay campus, but bars, shops and cafes are few and far between, as they are very residential. Maybe more suited to a final year/post grad/mature student.

## FISHPONDS

A large residential area in Bristol, popular for students studying at Glenside and Frenchay. The main Fishponds Road has a mix of pubs, shops and cafes although not as trendy as the Gloucester Road.

## FILTON

Popular for students because of its proximity to the Frenchay campus, but if you are looking for the hustle and bustle of Bristol you'll have to travel a little further towards the city centre.

## HORFIELD

Another popular student area off the Gloucester Road, but a little further from the city so nearer to the Frenchay campus. A very residential area with lots of accommodation options for students and you'll be able to park here too.

## BISHOPSTON & ST ANDREWS

Bishopston & St. Andrews are popular student areas due to their proximity to the city centre and walking distance to the popular Gloucester Road. The number 70 bus also services these areas making it easy to get to the Frenchay campus. There are a lot of large Victorian houses giving students in bigger groups plenty of housing options.

## GLOUCESTER ROAD

Gloucester Road is one of the most popular areas for students to live because of its vast array of shops, bars and cafes; in fact, it has the largest number of independent traders on any one road in the UK! You'll find lots of student houses and flats available to rent here, and in its surrounding areas.

## TOTTERDOWN/WINDMILL HILL

On top of the town as their names suggest, these Victorian terraced streets may be more economical than Bedminster or Southville, but are still close to Bower Ashton, especially by bike. Some Totterdown streets are amongst the steepest in the country!

## MONTPELIER, ST PAUL'S & STOKES CROFT

These areas have a growing student population and are all walking distance to the Gloucester Road and the city centre. They are more multi cultural than some of the other areas mentioned above, with a reputation for being edgy and alternative. Stokes Croft is the heart of Bristol's graffiti art and music scene.

## REDLAND, KINGDOWN & COTHAM

These areas are on the opposite side of the Gloucester Road and equally popular with students. Living here you'll also have the benefit of being within walking distance to Whiteladies Road, another busy main road with shops, bars and cafes a plenty.

## HOTWELLS/CLIFTON

Close to the Downs, the Suspension Bridge and historic Clifton Village, these areas are great for walking and cycle rides and it's a short run/bike ride down the hill to the centre. Close to Bower Ashton Campus as the crow flies but can be one of the more expensive areas to live.

## CITY CENTRE

The city centre is a good place to live if you want shops, bars and clubs on your doorstep. Cabot Circus, St Nicholas Market, the Waterfront & Park Street are all here. Most of the accommodation in the centre is converted office blocks & warehouses and here you will find many of the larger commercial purpose-built residences. Be aware that parking is very limited so you'll be reliant on other forms of transport to get to campus.

## TEMPLE MEADS/ST PHILIPS MARSH

Accommodation around Bristol Temple Meads train station has a definite inner-city feel, puts you bang in the centre of things, and is close to Broadmead with a short bus ride to Bower Ashton.

## BEDMINSTER/SOUTHVILLE

These areas are increasingly popular with Bower Ashton students. North Street, a few minutes' walk from the campus, is home to the Tobacco Factory Theatre, the Hen and Chicken comedy venue and a range of coffee shops and restaurants. Bedminster Parade is also a thriving street of independent traders.
